

Mobile semi-automatic scissor lift

Product code: QJY-S3

Product description

Purpose:

The CASTEX QJY-S3 mobile car lift with a lifting capacity of 2800kg is designed to work with passenger and delivery vehicles whose total weight does not exceed 2800kg.

Work:

The lift is fully mobile, the special design of the control trolley makes it possible to lift the lift and place it anywhere in the workshop, increasing the possibilities of zoning the working space. We get a fully mobile workplace without the need for complicated disassembly of the lift.

- Lifting capacity: 2800 kg
- Lifting height: 1200 mm
- Min. height: 120 mm
- Length of ramps: 1680 mm
- Width of ramps: 1080 mm
- Motor power: 2.2 kW
- Air pressure: 6-8 bar
